## FEATURING THE COMEDY OF GREG SCHWEM

Chicago Magazine called Greg Schwem "America's favorite corporate funnyman!"

Greg has appeared on numerous national television shows and shared the concert stage with the likes of **Jay Leno** and **Celine Dion**. He also has performed for many Fortune 500 companies including **McDonald's**, **Motorola**, **IBM**, **Sprint**, **Verizon Wireless**, and **Radio Shack**.

Greg's clean, wholesome routines about family life in a crazy high-tech world lead the **Chicago Tribune** to dub his act, "Comedy With A Byte." The Tribune also calls Greg "King of the Hill" in the world of corporate comedy.

Greg can be heard regularly on **XM/Sirius** radio's "**LAUGH USA**" and will soon release his first book, "My Life Needs Recharging But I Can't Find the Adaptor."
